FOR IMMEDIATE RELEASE: Wednesday, June 10, 2009

### **Madonna University High School Summer Leadership Program July 27-31**

**What:** High school juniors and seniors, and incoming college freshmen will gain leadership skills, accrue community-service hours and experience college life during Madonna University's Get It Together summer leadership program, Monday-Friday, July 27-31. Together, students will get to explore Detroit highlights, build team and leadership skills in interactive workshops, and add service hours to their resumés by helping such organizations as Gleaners Food Bank.

"This experience not only helps students set goals for college, it also is a great way for them to develop communication and leadership skills while meeting other students," said Chris Benson, associate dean for academic advising and first-year experience at Madonna University. "Interacting with other students, faculty and staff on a college campus will ease the transition from high school."

Registration is limited and includes a program fee of \$25. For more information or to register, please contact Nick Modelski at 734-432-5624 or [nmodelski@madonna.edu](mailto:nmodelski@madonna.edu).

Get It Together is made possible through a Brighter Futures Grant, from the Corporation for National and Community Service: Learn and Serve America, as part of the Investing in College Futures Program. Michigan Campus Compact/Michigan Nonprofit Association is the fiduciary for the grant.

**When:** Monday-Friday, July 27-31, 2009, 9 a.m.-5 p.m.

**Where:** Madonna University  
36600 Schoolcraft Road (at Levan Rd., off I-96)  
Livonia, MI 48150
